As lawyers, tax advisers, management and IT consultants and auditors, we are present in 111 own locations in 50 countries. Worldwide, our clients trust our 4,900 colleagues.

In the Czech Republic, we have been providing our services since 1991 and operate through our offices in Prague and Brno. Today, we provide our legal, tax, audit, accounting, business process outsourcing and management & business consulting services through more than 320 professionals operating in our offices.

Rödl & Partner holds the prestigious title of the Czech Law Firm of the Year in the field of tax law in years 2012 to 2019.
These days, tax authorities are focusing on the area of VAT. Therefore, companies face a tremendous challenge in having to actively manage their VAT while at the same time keeping up with rampant legislative developments.

Risk areas

- International multilateral goods transactions, including triangular transactions
- Exemption of supplies of goods to other Member States and associated documentary requirements
- Consignment stock
- Dealing in real estate and the risks arising from an VAT scheme setup
- VAT scheme for services supplied and received
- Conditions for deducting input VAT, adjustment and compensation including
- VAT rules applicable to marketing activities and the supply of goods and services free-of-charge
- Assessment of deficits and damage and their being taken into account for VAT purposes
- Credit and debit note reporting rules, VAT arrangements applicable to bonuses, compensation, settlement and sanctions
- The purchase and sale of tooling arrangements in the Czech Republic and abroad
- Application of the reverse-charge mechanism

If any of these areas concern you, our indirect tax specialists can assist you in reviewing, comprehensively, the setup of your VAT system. First, we review the documents you submit to us at our office and then our VAT experts carry out an on-site review at your company’s premises.

How will you benefit from a VAT review?

- Verification of the accuracy of your VAT scheme setup not only in terms of the transactions referred to above
- Identification of opportunities for reducing the VAT related burden of your company within the limits of the law
- Elimination of risks arising from incorrectly adjusted transactions from the VAT point of view (mock tax audits)
- Written overview of the areas under analysis and our recommendations
